

Miracle Patients

Skilled chiropractic care unlocks the body's potential for healing. For patients of the Austin Chiropractic Health Center the results of care often seem miraculous. In truth we empower the body to function as it should, bringing relief to your most persistent and debilitating impairments. The resulting reduction in pain, return of mobility, relief of symptoms, and restoration to better health IS a miracle and our patients are walking testimonies of that fact.

ARE YOU A MIRACLE PATIENT OF CHIROPRACTIC CARE?

Stop by the front desk and fill out a miracle patient testimonial. We will make your story available to other patients to read and you COULD be chosen as a miracle patient of the month!

Miracle Programs

Renewed health and wellness often begin with education. At Austin Chiropractic Health Center we seek to educate our patients and community with life-saving, mobility-enhancing, youth-restoring programs.

Each new patient is urged to attend our "How to Stay Young the First 100 Years" class to discover our innovative approach to chiropractic care.

We offer this and other seminars on health and wellness to the community. We can deliver the latest health topics to your civic group, worship community, workplace, networking group, book club or other social gathering in 10, 30, or 60 minute presentations. We also provide free high-tech spinal screenings in these venues as well as in local gyms, at health fairs, and in expo events.

DO YOU KNOW OF A VENUE WHERE WE CAN SHARE THESE MIRACLE PROGRAMS?

Miracle Health

Your chiropractic care yields miraculous results when you do your part! At Austin Chiropractic Health Center, keeping appointments, exercising, eating right, and reaching for your chiropractic goals by completing your prescribed program mean SUCCESS for you.

DO YOU HAVE QUESTIONS ABOUT YOUR CHIROPRACTIC BENEFITS, PROGRAM, OR SCHEDULING?

Ask our Chiropractic Assistant for a no-hassle review of your care.
